## IRON AND STEEL.

Bookings Sufficient to Keep Operation Up to Old Average.

Special to The Waskly Courter

NEW YORK, Oct. 4.-The American Metal Market and Daily Iron and Steel Report says:

The steel industry continues to show large current bookings of specifications, sufficient to maintain an av erage rate of operation of about 75% of the total capacity, including the export business. In several instances mil's report better bookings in the PROSPECT FOR THE FUTURE past week than at the beginning of September, though on the whole there

is probably no material change.
"A careful canvass of the situation warrants the statement that from the Called into Practically Full Operation in the Near Future—Prices able to produce and ship as large a tonuage as they averaged during the three months just past. If this does not conform with the tone of much of
